

**FABENS INDEPENDENT SCHOOL DISTRICT**  
**Special Programs Department**

**Letter of Support**

March 12, 2020

To Whom It May Concern,

This letter serves the purpose of endorsement and support towards educational initiatives developed and deployed by the Success Through Technology Education (STTE) Foundation to be exhibited within the Fabens Independent School District.

As is known, STTE is officially a non-profit organization devoted to harvesting entrepreneurial and technological ecosystems for youth of the Borderplex region. STTE Vision is to become the leading entrepreneurship education partner to public and private middle and secondary schools, after-school clubs, and institutions of higher learning to advance the competitiveness of the Borderplex region.

With ambitious strategic goals, STTE strives to reach 100% Digital literacy for youth by 2030; increase the percentage of students going into STEAM Fields, and increase the number of entrepreneurship participants.

Such initiatives:

- Promote Science, Technology, Engineering, Art, and Math (STEAM) pathways, both educationally and professionally
- Encourage social mobility by means of introducing students to a wide range of career opportunities in technical fields
- Provide exposure to the concept of entrepreneurship

Therefore, as a member of the Career and Technical Education (CTE) Regional Advisory Committee, I commit to supporting STTE by promoting their extracurricular initiatives in order to maximize partnership relations and resultantly help increase impact in our region. Please consider the signature provided in the field below by Jorge Saenz, Executive Director of Special Programs for Fabens ISD, a token of official endorsement.

District Director Name: Jorge Saenz

District Director Signature: [Signature] Date: 03/12/2020
