AI Lean BMC Generator

Empower Your Company With AI Professional Development

STTE FOUNDATION

AI Strategy Blueprint

A step-by-step plan that outlines how to incorporate AI tools and processes into your existing workflow saving time and money.

Open AI Hackathons

Hands-on events where teams collaborate to create new AI-driven products or services tailored to your company's pain points to profit.

AI Agent Development

Custom AI agents designed to carry out specific tasks—from customer service automations to internal data analytics. We work the top dev shops to build!

Who We Are?

Success Through Technology Education (STTE) Foundation is an El Paso-based nonprofit with a proven record of helping businesses adopt innovative technology. Through our AI and AR technology initiatives, we bring extensive partnerships with tech developers and trusted expertise to companies of all sizes and industries.

Why Partner With STTE

- **Security & Trust:** Our AI professional development solutions and programs prioritize data protection and compliance, ensuring your business's sensitive information remains secure.
- **Custom-Fit Solutions:** No one-size-fits-all approach—every blueprint, hackathon, and AI agent is tailored to your unique goals and industry challenges.
- **Local Expertise, Global Impact:** Headquartered in El Paso, we combine deep local roots with a national network of AI experts, ensuring you get proven, cutting-edge support.
